About The Fishbowl Radio Network

Fishbowl Radio Network is the innovative idea of veteran radio personality Sylvia ‘Sammi’ St.John-Martinez. After working on the air for 20 years at several top-rated Dallas radio stations such as 100.3 JAMZ, K-104, 106.1 KISS-FM, 99.1 KICK-FM, ABC Radio Networks, 92.5 KZPS and teaching broadcasting at American Broadcasting School for three years, Sammi opened Fishbowl Radio Network L.L.C. in September 2009. Along with her partner and professional engineer Johnny Burgos, formerly of Univision in Dallas, they combine their experience to bring both radio industry veterans and newcomers a chance to broadcast their thoughts, ideas and messages beyond the realms of FM and AM radio waves. Fishbowl Radio Network offers radio hosts the support they need to have a successful radio show with a team of experienced major market broadcasting professionals that make up the programming, marketing, production, promotions, and engineering departments.
